VOICE FOR THE VOICELESS

PROTECT CHILDREN. PROTECT FAMILIES. STOP RETALIATION.

CPS employees, mandated reporters and professionals

I petition Virginia officials to consider a statewide CPS accountability program, including independent audits and a legally authorized employee integrity-screening proposal (potentially including polygraphs) subject to legislative review.
An independent Citizen Oversight Committee should investigate credible, evidence-supported misconduct concerns within its lawful authority.
No polygraph outcome or refusal alone proves wrongdoing.

I support independent evidence audits, confidential good-faith reporting, protections against unlawful retaliation, fair employee procedures, and legislative evaluation of integrity screening.

Support declaration (do not include child names or case details):

Adult supporter name

City / state (optional)

Email (optional)

Signature / date

Policy petition only. Not a confidential reporting channel or substitute for a CPS appeal.
